Board of Education

Seated, Left to Right: John Ogburn, Glenn Thomas, Secretary; Harold E. Thomas, Chairman; Norman Hostetler, Vice-Chairman; Delmar R. Shetler, Treasurer.
Standing, Left to Right: James Cable, Millard Spory, Erwin Harshberger, Richard Kaufman.

A teacher's contribution to the good of a school depends, in a considerable measure upon the organization in which he works. It is upon this assumption that your Board of Education is trying to carry out its duties and assume its reponsibilities. The Board is interested in obtaining a principal and teachers of high Christian character and scholastic attainments. We have tried in good faith to provide our school with such teachers. The school and patron body are proud to support them.

Our annual budget for maintenance is always a hard problem to face. There have been many times when we have been humanly "against the wall" but the Lord showed us a way out. The Board is deeply concerned for the development of the school system in terms of the achievements of pupils, teachers and principal.

The Board is doing all it can at present to provide additional classrooms. By recommendation from the Board and Patron Body approval, construction began this past summer. When the present structure is completed there will be three classrooms with some auxiliary rooms. A gymnasium-auditorium section is planned to be constructed as soon as funds are available.

In providing school equipment, pupil supplies and teachers' helps, the Board is trying to do its best. We know that without the guidance of the Holy Spirit our work as a Board, teachers and patrons would be futile.

The Lord's blessings be on all concerned at Johnstown Mennonite School.

- Harold E. Thomas, Chairman

Principal's Message

"The beginning of any project is most certainly not the end". These are the words that I wrote for the first principal's message in our first Mem-O-Re, eight years ago. The school was then two years old, and the message continued, "We are yet in the pioneering stage of our school and what lies ahead we do not know. If, however, the future continues to open to us blessings as have the past two years, then our endeavor will surely be worthwhile. The past two years have proved to be delightfully refreshing to us. The zeal, determination and faith of our patrons sponsoring this work, the help of the church in general, the eagerness and good will of the ministerial body of the Mennonite Churches of the Johnstown District, the encouragement of our conference leaders and the splendid attitude of our local township officials and the county superintendents all helped to make this, I say again, one of the most refreshing experiences of my life." I am happy to say that after these ten years, the same spirit still prevails, the work has been worthwhile and, indeed, the experience continues to be delightfully refreshing.

Since the next paragraph of that first message so clearly states our continuing aims and purposes, we reprint that also for emphasis.

"Our school was started to provide for our youth a better knowledge of the Lord Jesus Christ. In this hope we will not be disappointed. It is our desire to have everyone who attends to catch the spirit of Christian witness and live a life that will be a blessing to the church and world at large. We will not be without problems. Our aims will not be realized at any time, because we are all far short of perfection. It is the aim of each teacher, however, to train youth in accordance with the standards of the Bible as interpreted by our church, and to teach the elements of a happy life in harmony with a full Gospel."

We are now in a period of expansion. We long to see the day when the entire building will be completed with ample facilities to do a more efficient job. We know that if we do not lose the vision that brought this school into being, we can also bring this phase of our program to a happy realization.

May you, the tenth anniversary graduates, though small in number, prove to be an unusual advertisement to the cause of Christian Schools.

Religious Life Committee

For Christian students, Chapel is a period of refreshment, edification and encouragement. It is also a period which strengthens our spiritual lives and helps us be more like the Master.

Our daily Chapel messages are brought to us by Bro. Shetler and Bro. Bauer with the exception of Fridays. On Friday the Religious Life Committee plans a special program to be presented by the students or a special speaker.

We as students appreciate the provision which has been made in our full schedule when we can quietly meditate and listen to the teaching of God's Word.

The Gospel Harmonaires were organized in the fall of 1952. During the school term they made numerous appearances in school functions and in churches of the Johnstown area, both of our denomination and others. They also sang over our local radio station in connection with our regular local program. During the month of June, 1953, they climaxed the year with a tour covering sixteen states, representing not only our own school but the cause of Christian education. Accompanied by the principal and his wife, the Gospel Harmonaires thus extended the work of our school "beyond the borders" in a way that may not soon be duplicated. From the testimonies received, the tour proved to be a blessing to the group as well as to the churches.

Mixed Chorus

The J.M.S. Mixed Chorus of 1953-54 consists of 33 members, with all the high school represented except two, and also a teacher. Our director is Bro. Shetler whom we thank for so patiently helping us as we rehearsed each time. The purpose of this is to praise and glorify God by using the gifts He gave to us. We want to mean what we sing and not just sing notes. We have tried to choose the songs which will inspire and touch men's hearts and bring them to Christ. Our music consists of: the heavier types of music, Negro spirituals, evangelical, and Gospel song variety. The chorus took a tour in the early spring.

On December 18, Bro. John Thomas, from the community here, was at school. He spoke from Ezekiel--about the "Dry Bones". It was certainly interesting. He was with us all forenoon visiting various classes.

Bro. Marcus Lind from Oregon was here and spoke to us for a few mornings. He discussed the book of Philippians. (The Epistle of Joy). We enjoyed all of these discussions very much. We invited him back again any time.

Literaries

The Neo-Discarian Literary

We Neo-Discarians strive for greater aims and goals in this year. Our interesting meetings are held every other week with everyone ready and willing to participate. Our program committees have been giving us some very fine programs and have done their best. Our literary has given us opportunities to increase our knowledge and gain more experience in public speaking. Our motto: "Not for school but for life we learn."

The Fidelian Literary Society

There are 29 loyal Fidelians. We all do our part to make our activities successful. At our regular meeting, every two weeks, we have a program that promotes us in public speaking; is educational and inspirational. Miss Kauffman and Bro. Shetler, our advisors, are always willing to lend a helping hand. We love our literary and all promise to be faithful and true Fidelians.

SOCIAL COMMITTEE

Left to right: Miss Kolb, Miss Yoder, Erma Lehman, Lois Spory, Mary Harshberger, Robert Thomas, Sanford Alwine.

This year the Social Committee consisted of five members and two advisors. The officers are as follows:

President - Sanford Alwine
Secretary - Erma Lehman
Treasurer - Mary Harshberger

The other members are Lois Spory and Robert Thomas. Miss Kolb and Miss Yoder are our able advisors. During the year we had a number of very enjoyable socials. We'll not soon forget our fall social at Lohr's Grove, closing with a prayer circle on the banks of the pond. The social at Salix, followed by the girls' slumber party will long be remembered because of the surprise snowfall. Wasn't it fun getting home next morning! Another rich memory is that of the Thanksgiving social held in the school basement. We will carry many happy memories of this school year with us, thanks to the work of the social committee.

Athletic Committee

Sports fill a big place at J.M.S. for we want to develop healthy bodies as well as brilliant minds. Before and after school the ping-pong table and basketball court are busy in winter. Spring and fall find outdoor ball games in full swing. In order to keep all these things going we need a committee in charge of equipment and grounds. This year's committee was Harold Alwine, Sanford Alwine, Marlin Shetler, Lois Shetler, Miriam Mishler and Reta Shetler with Bro. Bauer and Miss Yoder as advisers. A football tournament in the fall and a ping-pong tournament during the winter helped to work up interest and enthusiasm in our sports program this year.

Junior-Senior Banquet

Junior Senior Banquet time is always a time of great excitement. May 1953 was no exception. The Seniors looked puzzled and the Juniors smug when intriguing posters appeared on the bulletin board. The mystery was solved when the Juniors escorted the seniors and faculty to the dining room at Alwine's. Old-fashioned flower Garden was the Theme of menu, decorations and program. After a pleasant time of reminiscences, prophesies and fellowship, the evening closed with a prayer-circle that warmed our hearts.
